Key Takeaways from Pediatric Emergency Department Response to COVID-19

Download Material

In an effort to share knowledge and experience for future pandemic planning efforts, PolicyLab and Children's Hospital of Philadelphia's Division of Emergency Medicine compiled a summary of CHOP's emergency department (ED) initial response to the COVID-19 pandemic as the virus spread through the Philadelphia region.

This document provides key takeaways based on the broad categories of administrative/communications, clinical care, information technology, advocacy, education and research.
