PolicyLab at the 2021 Pediatric Academic Societies Meeting

Date:

Thursday, April 29, 2021

The Pediatric Academic Societies (PAS) annual meeting is where all the latest cutting-edge children's health research is presented, and we are very excited to have many of our PolicyLab researchers participating this year. The conference will be split into two phases: Phase 1, which will take place from April 30 to May 4, and Phase 2, which takes place from May 10 to June 4.

Attendance at this conference may look a little different this year, but our investigators are very excited to share their latest research projects with colleagues from around the country and the world. Be sure to view a comprehensive agenda of all posters, presentations and workshops featuring PolicyLab research. You can also follow our Twitter account @PolicyLabCHOP for updates and photos from this year's virtual conference.
