Administrative Director of Research

Meggan Myers (she/her) is administrative director of research at PolicyLab at Children's Hospital of Philadelphia (CHOP). Her focus is overall administrative management of PolicyLab under the direction of the center co-directors. She manages the financial sustainability of long-term research goals and assists in communications with internal and external partners.

Ms. Myers's interests are research administration, finance, and operations management. Prior to joining CHOP she spent a combined eleven years in multiple roles within investment and wealth management institutions. Additionally, she served as a contract analyst at a government defense consulting company. She received her BA in Corporate Communications from Drexel University's LeBow School of Business and is a former Richard E. Goodwin Scholarship recipient. Ms. Myers is currently pursing a master of science in nonprofit leadership at the University of Pennsylvania's Social Policy and Practice School.
