PriCARE Is Up For Scattergood Foundation's Innovation Award - Vote Today

Date:

Thursday, February 23, 2017

The Scattergood Foundation, in partnership with the National Council for Behavioral Health, has selected PolicyLab and Children's Hospital of Philadelphia's Positive Parenting Program to Improve Problem Behaviors in Preschool-Age Children (PriCARE) as a finalist in the 5th Annual Innovation Awards. Developed by PolicyLab's Joanne Wood, MD, MSHP, and colleagues from Safe Place at CHOP, PriCARE is an innovative, six-week group parenting program integrated into primary care that is designed to improve child behavior, strengthen parent-child relationships, and decrease stress among disadvantaged populations. If selected as winner of the Innovation Awards, PriCARE will receive a $25,000 grant to continue addressing important behavioral health needs in the communities we serve. The winner will be selected by popular vote, so please consider voting for PriCARE – click here to cast your vote.
