New Vaccine Hesitancy Evidence to Action Brief

Date:

Thursday, March 16, 2017

As part of our continued effort to educate policymakers, physicians and researchers on issues related to children's health, PolicyLab hosted its first webinar this week. PolicyLab researcher Kristen Feemster, MD, MPH, MSPH, andPaul Offit, MD, director of the Vaccine Education Center at Children's Hospital of Philadelphia, discussed policy recommendations that address vaccine hesitancy. These recommendations and more are featured in our new Evidence to Action brief: "Addressing Vaccine Hesitancy to Protect Children and Communities Against Preventable Diseases."
